

IRD Student Startup Action

IRD Student Startup Action to support student start up activity in the campus. Students are engaged in start-up actions at different stages and different forms. The objective of this scheme is support this activity by providing a support environment in terms of recognition, initial seed grant and expert advice.

A group of students preferably in the final year of the BTech, MSc, MTech or Dual degree programme can formulate a proposal. In the first phase, about 25 proposals will be selected. The selected teams will be given a seed grant of Rs. 1 Lakh. IP and other output generated by the start-up will be owned by the start -up team with 5 % equity for the institute. The start-up activity will be coordinated by a faculty member.

Proposal format is provided on next page.
