

Immunization Data: Innovating for Action

IDIA

Grand
Challenges
India

A Grand Challenges India funding opportunity

CALL CLOSES

15th Jan. 2018

Please visit the BIRAC website at www.birac.nic.in and follow the link to the registration and submission portal.

- Challenge is to conceptualize and demonstrate innovations in data systems for immunization to aid in real-time visibility of consumption and coverage of immunizations
- Funding opportunity is for developing proof-of-concept for solutions for 12-18 months for upto \$200,000 per project
- Awards require preliminary data and are meant to provide an opportunity to develop, refine, and rigorously test approaches that have previously shown promise in controlled or limited settings.
- Possibility of Phase-II funding for 3-4 successful projects

With technical partnership from the Ministry of Health and Family Welfare, Government of India and the Department of Health Research (DHR) and the Indian Council of Medical Research (ICMR)
