

# INDIA INNOVATION GROWTH PROGRAMME 2.0

2019  
EDITION

The India Innovation Growth Programme (IIGP) 2.0 is a unique tripartite initiative of the Department of Science & Technology, Government of India, Lockheed Martin and Tata Trusts.

Supporting the Government of India's missions of "Startup India" and "Make in India", IIGP 2.0 enhances the Indian innovation ecosystem by enabling innovators and entrepreneurs through the stages of ideation and innovation, to develop technology based solutions for tomorrow.

Complemented by several implementation partners, Federation of Indian Chambers of Commerce and Industry (FICCI), Indo-US Science and Technology Forum (IUSSTF), Center for Innovation Incubation and Entrepreneurship (CIIE) at IIM Ahmedabad and Indian Institute of Technology Bombay. IIGP 2.0 is a high-impact programme focused on building the social and industrial innovation ecosystem.

the global marketplace

# IIGP 2.0

IIGP 2.0 identifies and supports innovative Indian technologies get into the global marketplace through two annual parallel tracks, University Challenge and Open Innovation Challenge.

## University Challenge

Ideation and incubation of concepts (both industrial and social), sourced from individual students/teams at academic institutions across India.

## Open Innovation Challenge

Innovation of concepts (both industrial and social), sourced from the technology community at large across India.

IIGP 2.0 calls for applications for the 2019 edition of the programme in 14 focus areas for University Challenge and 19 focus areas for Open Innovation Challenge.

Last date of application submission : 21<sup>st</sup> April 2019
