

Call For Proposal (CFP -2) under India - Israel Industrial R&D and Technological Innovation Fund (I⁴F)

I⁴F is a \$40 Mn USD fund aimed at promoting, facilitating and supporting joint Industrial R&D between India & Israel which would lead to co-development and commercialization of innovative technologies benefiting both the countries.

Important Dates:

Launch: 16 Aug 2018
Closing: 24 Nov 2018

Conditional Grant Funding

0.25 Million USD to 1.25 Million USD per project or 50% of the Indian and Israel Project Cost whichever is lower can be availed.

Types of projects eligible for funding support:

- R&D Projects, focused on development of new products, processes or technologies.
- Projects focused on the adaptation and customization of a product to markets.
