**Subject: Release of Advertisement for Adhoc Project Positions.**

Vacant adhoc positions under various projects are advertised through internal circulars and placed on the IIT Delhi website ([http://www.iitd.ac.in/proj\\_positions](http://www.iitd.ac.in/proj_positions)). To enable attracting the best candidates, sufficient time needs to be given between the advertisement and holding of selections. It has been noticed that some notices are frequently released only a day or two before the selection committee meeting is scheduled. This makes it difficult/inconvenient for candidates interested in appearing for these walk-in-interviews, and several complaints have been received in this regard.

The Competent Authority has taken a serious view of the matter and it has been decided that the selection committees in respect of adhoc project positions will be held only where the advertisement stands released atleast one week before the day fixed for selections.

All PIs/CIs are requested to kindly note and assist IRD Unit to adopt the above decision of the Competent Authority in releasing the circular/advertisement by sending their request ten days in advance of the selection committee meeting.
