Date: 03/10/2018

**Advertisement No.: IITD/IRD/206/2018**

Candidates of Indian nationality are invited to appear for the **Walk-in test / interview** for project appointments under the following project. Appointment shall be on contractual basis on consolidated pay renewable yearly or upto the duration of the project, whichever is earlier.

About the DOSA Project

The DOSA project aims to develop diagnostic solutions for antimicrobial resistance (AMR) which is one of biggest threats to global health in an interdisciplinary collaboration of research groups from UK and India. Both positions entail working with a team of international scientists, social scientists and service designers. If selected, the candidate will be expected to undertake field work that will require qualitative data collection methods such as design ethnography- participant observation, semi-structured interviews and participatory practices to engage local communities in discussions and co-creation practices to understand antibiotics and their usage. We are looking for candidates who are excellent team players, empathic and willing to engage with diverse groups and communities and who have an appetite to explore the application of visual and participatory methods to complex social challenges. The researchers will be overseen and trained by UK and IITD research teams.

Title of the Project	DOSA- Diagnostics for one Health and User Driven Solutions for AMR (RP03600G)	
Funding Agency	Department of Biotechnology, Ministry of Sci. & Tech	
Name of the Project Investigator	Prof. Ravi Krishnan Elangovan	
Deptt./Centre	Department of Biochemical Engineering and Biotechnology (DBEB)	
Duration of the Project	Upto:03/09/2021	
Post (s)	Consolidated Pay-slab / Fellowship	Qualifications
Sr. Project Assistant (Admin)	Rs.35,400-37,900-40,400-43,600-46,800-50,000/- p.m. plus HRA @ 24%	1 <sup>st</sup> class graduate degree in arts, science, commerce or business management with 05 years of experience in Life Science research and management, conducting meetings, or in educational institution or in business organization of repute. Proficiency in English, Microsoft Office, Science Communication and Experience of working in large research projects will be advantage.
