This is regarding Mid Term Review of the IT Modernisation Project of Department of Posts (DoP). As per recommendation of Expenditure Finance Committee (EFC), Ministry of Finance, a Mid-term Review of the outcome/impact of the IT Modernisation Project should be carried out by the DoP in terms of efficiency, manpower reduction and reduction in cost of service.

IT Modernization Project of Department of Posts was approved by the Government in November 2012 with a total outlay of Rs 4909 crore. The Project involves computerization and Modernization and networking of - 1, 55,000 Post Offices in the country, including - 1, 30,000 Branch Post Offices in rural areas run by the Gramin Dak Sevaks.

The objectives of the IT modernization project of Department of Posts are:-

1. Modernization and computerization of all the non-computerized Post offices in the country including Gramin Dak Sevak (GDS) Branch Post offices in rural areas, mail offices, administrative and other offices;
2. Development of scalable, integrated and modular software covering all operations of the Department of Posts;
3. Establishment of required IT Infrastructure including Data centre, Wide Area Network (WAN) based networking of the departmental post offices; and
4. Rural Information Communication Technology (Rural ICT) infrastructure.

The Project is being implemented through eight different segments - Data Centre Facility, Network Integrator, Financial Services System Integrator, Core System Integrator, Change Management, Mail Operations Hardware, and Rural ICT - Rural Hardware & System Integrator.

In this regard, please let us know if your organization would be interested in taking up this exercise. The tentative cost estimates of the same may also be indicated.

Warm regards,

Yours sincerely,

  
(Tilak De)
