

INDIAN INSTITUTE OF TECHNOLOGY DELHI
IRD UNIT

No.IITD/IRD/M-52/251909

Dated: 06/03/2024

It has been observed that many faculty members do not close their sponsored projects as per their approved project duration. These projects continue to show as liability in the IRIS database, while actually are not functioning and consequently leads to confusion and audit objections by CAG.

To overcome this situation, the concerned PI's are humbly requested to kindly close the project once it is completed and no longer functional, preferably by 31st March, 2024.

Furthermore, it may kindly be ensured that before submitting new project initiation (NPI) request, all the completed projects are required to be closed in IRIS at the earliest.
